2. There is a **10 %** buyer's fee that will be added to all invoices at the close of the sale.
3. All coins are guaranteed genuine and as described based on the most current information available to the cataloguer. Grading is a subjective art. Every effort has been made to be conservative in our grading. **Please note that an auction sale is not an approval sale.** Lots examined prior to the sale may not be returned for any reason except authenticity.
4. Terms are for cash, with invoices being due and payable immediately upon receipt. Payment by check must be made in US funds and drawn on a United States bank. Visa and Mastercard (Access) may be used to pay your bill. However, a 3.5% surcharge is made for the use of your credit card. (Our cost from the bank.).

6. Bid in even dollar amounts. **Mail Bidder Protection.** You may submit bids with confidence. Where competition permits, your bids will be executed at 10% over the next highest bid. In the case of tie bids - the bid received earliest wins. Bid by lot number. No lots will be broken.
7. A word on **Reserves.** If a lot is reserved, it will not be in excess of the estimate. However, please note that bids that are below 60% of the estimate have little or no chance of winning, or being executed. **Check your bid sheets carefully.** The seller cannot assume responsibility for errors made by bidders.
8. Sales tax and postage are added to all invoices where appropriate.
9. Prices Realized are published shortly after the sale and mailed to all bidders who have participated in the sale.
10. If you bid in this sale, you accept the terms as outlined above. Any legal disputes that might arise will be handled in the courts of Lancaster County, Pennsylvania.

Ex Brichford. The gros tournois and its fraction, the denier tournois, became the standard royal French silver issue for almost 150 years. Beyond the borders of France they were copied extensively throughout Europe and the Crusader kingdoms. In France, as elsewhere, the various emissions were marked by différents, or tiny symbols placed somewhere in the legend or design of the coin. This marking system persisted in France nearly to the end of the kingdom, and careful examination of the symbols reveals the sequence of issues within a reign, although much research is still needed to accomplish this task.
